Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Dr. Lederberg:

Will you be so kind as to provide me with cultures of E. coli strain K-12 and an indicator strain for lambda phage? The system we have been using here primarily for classwork, which we originally obtained from you, has lost reciprocal "charm" and I would like to find out which member has been altered.

I shall be very grateful for your assistance in this.

Sincerely yours,

A handwritten signature in cursive script, reading "Harold Amos".
